Also read docket No. 340-42, dated the 17th July 1911, from the Sanitary Commissioner, to the Deputy Commissioner, Kolar District, inviting his opinion as to why the temporary plague establishment should not be dispensed with, and re-entertained whenever necessary, for specified periods with the previous sanction of Government.

Resolved that as there is now an epidemic of plague in some of the villages within the Board's area, the staff cannot be dispensed with immediately, but some portion of the establishment will be done away with, as soon as circumstances render it feasible, and that the Government be requested to accord general sanction empowering the Board to re-entertain the requisite staff whenever necessary, and as regards the charges the Board regret their inability to bear a moiety of the charges incurred on plague preventive measures in general.
